Dear Sir,

With reference to the referred notice of the new Project in North America, Indorama Polymers Public Company Limited ("IRP") has selected Decatur, Alabama, USA. as its location to set up the new plant for PET Polymers production. The unit will be located adjacent to and will receive its PTA from BP’s integrated Decatur paraxylene /PTA facility on the Tennessee River.

IRP will keep updating on further developments on the new project.

Please be informed accordingly,

Yours Sincerely,
Indorama Polymers Public Company Limited
